Studies

- 1997 - **1999**, *Scientific bachelor*, Louis-Armand, Math, physics, Engineer sciences.
- 2001 - **2003**, *Insitute of technologies*, Lyon, Electrical engineering.
- 2017 - **2019**, *C/C++*, Lyon, Software development.

Enterprise

Electrical engineering

- 2006 - **2021**, *Project manager, technical support*, ABB, Miribel.
Drives, motors, power electronics
- 2021 - **Today**, *Electrotechnic services*, Chrysalide Engineering, St Maurice de Beynost.

Software development

- 2018 - **Today**, *Software developer*, Freelance, Saint Maurice de Beynost.

14 april 2023

Dear lady, dear sir,

Chrysalide Engineering was founded in 2021 in order to provide electrotechnic and software services, product development, production and engineering in the electrotechnic domains, and provide custom solutions.

Thank you.

Regards

Jean-François Simon
